LIBRARY BORROWING RULES

1. Books may be borrowed at regular meetings, up to 4 at a time (or more, at the discretion of the Librarian), by any member of the Society who has signed this agreement and who has not already borrowed any books that are overdue or missing. However, the Librarian may withhold any book from circulation. The Librarian may request a membership card as proof of membership and also may ask to see a driver's license or other proof of identity. Without this evidence the Librarian may decline to lend a book..
2. When a book is borrowed, the borrower will sign the Librarian's register and return the book by the stipulated date and in substantially the same condition as it was in when the book was borrowed.. The loan period is usually 2 months but in April it is 1 month, and in May it is until September. When a book is returned, the Librarian will initial the register to clear the borrower of responsibility.
3. At any time a member may contact the Librarian to request a book. If the book has been borrowed the Librarian will tell the borrower it has been requested. and may not be renewed.
4. A fine of \$1.00 per month, or partial month, may be charged on each overdue book. However, within 2 weeks of the stipulated due date, a borrower may ask the Librarian to renew a book . If the book has not been requested by another member, the Librarian will specify a new return date.
5. All books that have been borrowed should be returned at the General Meeting in May. A book that is not returned then may be treated as missing.
6. A missing book will be charged to the borrower at the cost to replace it. If a book is not generally available, the Librarian may decide to advertise for it, xerox a copy, or purchase a different but generally equivalent book. In addition to the cost of replacement, a charge of \$10.00 will be made on each missing book.
7. If a book has been substantially damaged while it has been borrowed, the Librarian may request payment to repair it, or in an extreme case, to replace it according to the above procedure.
8. The Librarian may cancel these rules and issue new ones. This agreement will then be nullified except for its clauses affecting books that are already borrowed. Before any other books may be borrowed a member will be required to accept the new rules.
9. In case of a dispute between the Librarian and a borrower, the matter will be referred to the Council whose decision will be binding.

The Librarian may be contacted, preferably by email at librarian@mssf.org, or by phone or letter. Please refer to the Rooster for particulars.

The Librarian always welcomes suggestions for purchases. Donations are encouraged and are tax-exempt under section 501(C)(3). The Librarian will provide a valuation and can make arrangements for picking up.

I agree to abide by the above rules:
